* There can be 2 courses with same name but with different codes. This is due to changes in departmental programme. The recent course code can be found in departmental Course Schedule after 2010-2011.

Course Selection (updated February, 2014):

- You are allowed to take undergraduate and graduate level courses no matter in which year you are studying. Departmental master-level graduate programmes are Urban Planning (SPL) and Regional Planning (BPL).
- Compulsory courses are obligatory only for Turkish students. You are not obligatory to take them, you are free to select courses that you are interested to.
- In Istanbul Technical University, Turkish Erasmus students are supposed to take 30 ECTS for each term.
- Courses which are entitled in Turkish will be given in Turkish. Please select only English entitled courses, which have code with "E".
- You can always select courses from other departments after the approval of your coordinator in home institution. But please pay attention to register majorly to the courses in the hosting department!
- "BEB" coded courses has no credits. But they will be recorded in your transcript. In your transcript, it will be seen as "succeeded" or "failed".
- Attendance is a requirement for all students. 70% (for lectures) and %80 (for studios) of attendance is obligatory.
- Enrollment period starts on August for fall semester, with the announcement of courses for the new term at <http://www.sis.itu.edu.tr/eng>.
- Fall semester starts on September 12th, 2013 and Spring semester starts on February 10th, 2014.
- It is very important for you to be here in Istanbul, before the first week of the semester, not to have problems about course registration process. Also please try to make ready your Learning Agreements before you come. There will be an Erasmus student orientation session at the Faculty of Architecture during the week starting with 12th September and 6th February for spring semester. We advise all Erasmus students to attend that session.
